

LAYER

ESSENTIALS

An economically priced layer feed formulated with the essential nutrients needed for laying birds or hens in lower production.

FEATURES & BENEFITS

Fully fortified with vitamins and minerals

Calcium, phosphorus and other key nutrients support a healthy, strong shell

High quality amino acid and protein sources

Boost overall health and egg production

MOS prebiotics and phytase enzymes

Maintain a healthy digestive tract and improve absorption of nutrients

DFM Probiotics

Maintain intestinal health and inhibit the growth of pathogenic bacteria

Essential oils

From cinnamon, oregano and chili peppers to stimulate digestive activity and protect the intestinal wall

Yucca extract

- Improves nutrient absorption and weight gain
- Inhibits development of coccidia, improving bird health
- Reduces ammonia that causes respiratory issues and also blindness in birds housed with inadequate ventilation

*Base levels of inclusion compared to optimum levels in our Premium Layer feeds

PROTEIN	FAT	FIBER
16%	2.5%	7.5%
